LMK APPOINTS MANAGING DIRECTOR, NORTHEAST SALES

Ottawa, IL, May 8, 2013— LMK Technologies is pleased to announce the recent appointment of industry professional David Archard. David has been named Managing Director, Northeast Sales.

David comes to LMK Technologies with close to 30-years of practical experience in the municipal public works sector. He has worked as a public official and a consultant focused on assisting municipalities in managing and optimizing their public works assets, with a focus on underground asset management/optimization projects. Prior to joining LMK, he served as the Director of Consulting Services for Veolia Water North America.

David serves as a member of the Government Affairs Committee for the New England Water Environment Association. He is also an active member of the following organizations: American Public Works Association, New England Chapter, New England Water Works Association, New York Water Environment Association, New Jersey Water Environment Association, US Conference of Mayors and the National League of Cities.

According to LMK Vice President of Marketing and Sales, Greg Norgaard, "Hiring David supports LMK's strategic growth plans and strengthens our representation in the Northeast with a seasoned and dedicated industry representative."

LMK Technologies, a world leader specializing in trenchless methods to renew lateral sewer infrastructure has more than ninety issued patents for its advancements in trenchless technology. Headquartered in Ottawa, IL since 1993, LMK serves the municipal and residential markets through a network of licensed and certified contractors. For more information regarding LMK please visit www.lmktechnologies.com, call 1-815-433-1275 or email info@lmktechnologies.com.
